

**CHRISTI CHAPMAN**  
PROFESSIONAL DOG TRAINER

## PAYMENT ARRANGEMENT POLICY

I understand that dog training is an investment in your future with your dog, and as such can seem overwhelming in cost. Often, people don't immediately realize that training is cheaper than replacing furniture, walls, doors or windows, or paying fines for escapees or bite incidents. But it is!

With today's economy, our dollars are stretched thin. Because of this, I will offer payment arrangements on the packages I offer. The packages are designed to offer you a discount on multiple sessions and reflect the amount of work I will be putting into your training experience. We can discuss what is feasible to your budget and set arrangements accordingly. However, because of additional fees I incur when accepting payments, there is a \$10 service charge to each payment to cover those fees and the convenience of doing so.

Payments are typically due at each appointment until paid in full unless we set other arrangements, for instance, bi-weekly or monthly. Often, our appointments will be set every two to three weeks, and occasionally once a month. It depends on my schedule load and your availability; plus the amount of time you need to complete the homework assigned after each appointment.

An example of a payment arrangement might be:

Trailblazer Package \$720

Divided into 4 payments = \$180 per payment plus the \$10 fee = \$190 due at each of the first 4 appointments unless other arrangements are made.

OR

Trailblazer Package \$720

Divided into 2 payments - \$360 per payment plus the \$10 fee = \$370 due at each of the first 2 appointments unless other arrangements are made.
